ASHRAE REGION II
TWENTY SECOND ANNUAL CONFERENCE
MAY 23 - 26, 1979
Sheraton-Cavalier
612 Spadina Cres. E. Saskatoon

HOST
SASKATOON CANADA CHAPTER OF ASHRAE
(CHARTERED IN 1966)
PROGRAM

Wednesday, May 23
Arrival and registration
1:00 p.m.  * TENNIS - assemble in lobby for ride to courts
3:00 p.m.  * GOLF - assemble in lobby for ride to golf course
No host dinner
8:00    * WELCOME SOCIAL - Starlightp. m. Room
9:00 p.m. C.R.C. INDOCTRINATION SESSION (optional) followed by a
             Delegates and Alternates caucus.
             EASTERN Chapters only - Canadian Room.

Thursday, May 24
8:30 a.m. - 9:45 FIRST BUSINESS SESSION,
           Sheraton East - Call to Order
           -George Menzies, Director & Region
           ll Chairman
           Welcome Address - Brian
           Crowhurst, President, Saskatoon
           Chapter
           Introduction and Remarks - Hugh
           McMillan, President-Elect, ASHRAE
9:45 a.m. - 10:20 CHAPTER REPORTS
10:20 a.m. - 10:30 COFFEE
10:30 a.m. - 12:00 Chapter reports continue. Regional
           Vice-Chairmen Reports - Messrs.
           Turaga, Bavis, Buckler, Conrad.
           Presidential Representative Report
           -John Ross.
12:30 p.m. - 2:30 *CHAPTER LUNCHEON - Top of the Inn.

Visitors and Participants:

Hugh D. McMillan, Houston, Texas (President-Elect of ASHRAE)
Kirk Davis, New Brunswick (Energy Management Vice-Chairman)
Mal Turaga, Montreal (Education Vice-Chairman)
Paul Conrad, Halifax (Research Promotion Vice-Chairman)
George Buckler, Hamilton (Membership Vice-Chairman)
Charles Sepsey, Columbus, Ohio (Treasurer)
James Park, British Columbia (Research Promotion Chairman)
Martin McDougall, Puget Sound (Chairman Region XI)
Richard P. Perry, British Columbia (ASHRAE Res. Can. Director)
John H. Ross, Ontario (President Rep. Can.)
Joseph F. Cuba, New York (ASHRAE DOR)
Morton Sloane, Montreal (Nominating Committee)
Cliff Morrison, London (Nominating Committee)
John Lunde, Ottawa (Board of Governors)
Cliff Martineau, Southern Alberta (President)
Ken Trodd, Southern Alberta (Chapter Membership Chairman)
Wendell Wolfe, Southern Alberta (Vice-Chairman Region XI)
Al Cates, Ottawa (Research Promotion)
Brian Crowhurst, Saskatoon (Chapter President)
Bob Kowalishin, Saskatoon (Host)
Charles Hedlin, Saskatoon

Meeting called to order by George Menzies at 8:30 a.m. Thursday, May 24, with the welcome address given by Brian Crowhurst the president of the Saskatoon chapter. Hugh McMillan, president-elect for ASHRAE made an introductory speech to the members. George Menzies asked for changes in last year's minutes; there were no changes. He then gave talk covering general points of interest to all members present.
CHAPTER REPORTS

Halifax—Rod Hartlan
Generally average year in relation to last year. New members more involved, but there is some problem in getting the more experienced members to the meetings. There are 15 new members. Chapter is financially stable. Question raised about meetings with no guest speaker, and if this would affect attendance. There was a panel discussion at one meeting, while at another the planned speaker cancelled suddenly and could not be replaced.

New Brunswick—Mike Mann
Delegate absent from meeting. Alternate gave report. Chapter had good year, possibly one of the best years. Highlights of the chapter included a product display and education night (attendance high) where speakers showed their products and students were given an introduction to what was ahead of them in this area. Membership in the chapter is up by 10 percent to 103 members; attendance at meetings of the members is a problem with not as many attending as there should be.

Quebec—Jean-Luc Roy
Chapter reports average year in all areas although there are some money problems. A technical session in April was attended by 88 people. Fifty percent of the research promotion goal has been reached, but the chapter sees some financial problems again next year.

Montreal—Gilles Rheault
Although in the red financially earlier, chapter has been able to move the finances to the black this year. Their prepaid plan rate was increased from $35 to $50. There is a declining number of members attending meetings. The chapter is now working with the minister of energy in the government in Quebec on an energy conservation program.

Ottawa Valley—Mike Acton
The year was considered a success by the chapter. They are trying to strive for a more professional chapter. Membership has increased significantly this year. Financially the chapter has managed a deposit. The chapter has been considering another plan other than the education award system as they think this is not the best program to follow. Students are being brought to meetings by older members so that they may get acquainted with the group.

Ontario—Phil Landray
The group has changed the location of their meetings to another hotel and have found that this has not affected attendance at these meetings. There has been a fall off in membership. An award contest was introduced this year and some bursaries were also presented. The chapter roster was changed this year to a loose-leaf binder. Advertising is to be considered for the roster to help cut down on the cost. The prepaid plan is $55, but with 330 members only 162 are turning out. The prepaid plan is going to be dropped and a fee of $40 is going to be charged while the meals will be paid for on the night of the meeting.
CHAPTER REPORTS (con't)

The high cost of secretaries for the Ontario and Montreal groups has resulted in the chapters looking at alternatives. There is some problem in getting members to work on committees.

Hamilton-Jack Keon
The chapter had an excellent year. Membership is up to 201 from 161 last year. Students membership has increased from 60 to 75. Attendance is up over last year. Finances are stable—fees are $20 for membership and $8 for individual meals with student meals at $4. The chapter tried the table-top display and found that it worked very well. More emphasis is going to be placed on their energy conservation program—at present it is a bit weak. Student chapter is working very well. A phone committee is used to contact members to get them out for the meetings. An open night was held where the speaker was not technical; attendance was good.

London, Canada-Bill Mitchell
The chapter had an excellent year. Meeting attendance increased. A past-president's committee was established to assist the Board of Governors. Older members are dropping off and getting membership up is a problem. Letters and more personal contact is being used to help bring the membership back up. The Board of Governors is having problem getting members to show up for meetings. They are trying an evening meeting between the regular meetings to see if this will improve the situation.

Manitoba-Les Howard
The chapter has a relatively successful year. They have a chapter historian now. Problems in getting older past-presidents out to meetings. Two members of chapter are on a local committee to help revise the Manitoba building code. The membership is 90 and includes meals. Finances are good.

Regina-Peter Hughes
Many of their executive officers have been leaving area and they are having difficulty filling the gaps. A past-president's night was held last month. It helped the chapter historian in obtaining photos and other needed information. Local chapter dues are $45 including meals. The chapter is not experiencing any financial problems.

Saskatoon-Wendell Dent
Dues in Saskatoon are $50, including meals. The dues will have to be raised to $60 in the fall due to rising cost of meals. A student night that was held was very successful, and the chapter has 20 student members. Attendance is good; about the same as before.

Southern Alberta-Allan Smith
Their education group is active. Finances are in good order, and the membership committee is also active. Membership has increased by 55 (26 percent increase).
CHAPTER REPORTS (con't)

Northern Alberta—Bob Wright
The chapter has a good solid year and made a little money. The dues
are the same as last year. The special events such as the barbeque were
the year's highlight. The attendance was down over last year and
membership was also slightly down.

Al Oakes spoke on the Golden Gavel Award and how it increases competition
between all chapters.

Meeting adjourned at 12:30 p.m. for lunch. Second General Business
Meeting to start at 4:00 p.m. immediately following separate East and
West Executive sessions.
REGIONAL VICE-CHAIRMEN REPORTS

Meeting reconvened at 4 p.m.
The four regional vice-chairmen gave their reports.

KIRK BAVIS-ENERGY MANAGEMENT
The energy award program has not been successful; only one chapter has a total of 500 points in this competition. This information was covered more extensively in the workshop on Friday, May 25. Kirk Bavis was congratulated on a job well done under difficult conditions.

GEORGE BUCKLER-MEMBERSHIP
It is hoped that the society can increase membership by women by at least 100 percent so as to destroy image of it being only a "men's club". International involvement with society should also be improved. Region II paid memberships as of April were 2,829. The goal is for 32 women in membership. Delinquency should be reduced to only 2 percent. The increase in membership constitutes an increase of 4.8 percent in 1977. Student membership is up 33 percent. Steve Singleton should be contacted about incorrect statistics re: delinquencies.

PAUL CONRAD-RESEARCH PROMOTION
There is some difficulty in getting the research promotion figures from all chapters. It is hoped that in future collecting the research promotion money can be done quickly by several people--there should be more participation. So far, $22,000 has been collected. The totals should be complete by the end of June, although the sooner they are known, the better.

MAL TURAGA-EDUCATION
Improvement is needed in the university-based committees to help improve the student chapters.

Further details are in the minutes from Education Workshop.

When vice-chairman reports completed meeting chairman George Menzies asked that all information questionnaires be turned in by Saturday. Eight of the questionnaires were already received.
RESOLUTIONS

1. "CHANGE THE TIME OF THE CRC IN REGION II TO THE FALL SO THAT CHAPTERS WILL BENEFIT FROM INFORMATION GAINED AT A CRC AT THE BEGINNING OF THE FISCAL YEAR."

Submitted by Gilles Rheault-Montreal.
Seconded by Bill Mitchell-Winnipeg.
Motion defeated.

*It was noted that the dates and locations for the next five years of CRC’s in Region II should be decided. Suggested dates and locations to be presented at Saturday’s Third General Business Meeting.

2. "THAT HEADQUARTERS MAIL DIRECTLY TO EACH CHAPTER CHAIRMAN SUCH AS EDUCATION, MEMBERSHIP, RESEARCH PROMOTION, ENERGY MANAGEMENT, HISTORICAL, PERTINENT CORRESPONDENCE RATHER THAN TO THE CHAPTER SECRETARY. THE EXCEPTION WOULD BE WHEN THE CHAPTER INFORMATION QUESTIONNAIRE HAS NO NAME OR ADDRESS LISTED FOR A PARTICULAR CHAIRMAN, THEN THE INFORMATION WOULD BE SENT TO THE CHAPTER SECRETARY."

Submitted by Jack Keon-Hamilton.
Seconded by Phil Landray-Ontario.
Motion defeated.

Submitted by Gilles Rheault-Montreal.
Seconded by Gilles Rheault-Montreal.
Motion passed.

4. "THAT FOR EACH OF THE REGIONAL OFFICES OF VICE-CHAIRMAN—RESEARCH PROMOTION, MEMBERSHIP, ENERGY MANAGEMENT, EDUCATION—that an assistant be designated by the CRC."

Submitted by Mike Acton-Ottawa Valley.
Seconded by Jack Keon-Hamilton.
Discussion carried over until Saturday Business Meeting.

Meeting adjourned until Saturday, May 26 at 8:30 a.m.
THIRD SESSION BUSINESS MEETING

Meeting convened at 8:40 a.m. in the Canadian Room at the Cavalier Hotel.

The locations and dates (tentative) of the CRCs for the next five years were decided. They are as follows:

1980  Moncton, New Brunswick  May 21 - 24  Montreal Alternate
1981  Montreal, Quebec  May 27 - 30  Halifax Alternate
1982  Halifax, Nova Scotia  May 19 - 22  Quebec City Alternate
1983  Quebec City, Quebec  May 18 - 21  Ontario Alternate
1984  Ontario  May 23 - 26  

The locations and dates were submitted by Phil Landray.

Seconded by Ray Young.

Motion passed. The problem of the Victoria Day holiday week-ends conflicting with the CRCs has to be considered when fixed dates are decided.

NOMINATING REPORT BY MORT SLOAN

At next year's CRC the names of people to succeed three of the regional vice-chairmen who are retiring in June, 1981, must be given to the nominating committee. The three vice-chairmen retiring are education, membership, and research. Also needed are names for possible regional and society awards, names for nominating committee, and names of anyone interested in serving on any of the society committees. Up-to-date biographies must accompany these names. A member must have been a full member for three years to be eligible for regional vice-chairman or a place on the nominating committee.

To assure the smooth transfer of responsibility from the out-going vice-chairman to the incoming, the appointment can be made a full year before they are to officially begin. Al Cakes has said that these people will be used as assistants to the vice-chairman during that year. This assures that the vice-chairman is experienced enough in his first year in that post to enable him to deal competently with all situations. It will also be of benefit to the new vice-chairman if he can attend the CRC immediately prior to his taking over the position during his "assistant" period.

It is hoped that in future delegates will be better prepared for the CRCs. It must be impressed that the chapter CRC Action Committee must start early in the year. Finally, the one category of names which the nominating committee has been responsible for producing at the winter meeting is the names of those members who would be qualified to serve on the board of directors or executive of the society. Remember, it is your society and your elected members run it. Hopefully, in the future as in the past there will be many people from Region II on the executive.

Motions:

It was requested that the fourth motion discussed in part at Thursday's meeting be withdrawn from discussion. Everyone was agreed.
THIRD BUSINESS SESSION (con't)

FRIDAY WORKSHOPS

The chairman of the meeting asked if there were any further resolutions to be put forward in regard to anything discussed at the four workshops held on Friday. The vice-chairmen stated that they had no further resolutions.

5. "MORE SPACE SHOULD BE ALLOCATED IN ASHRAE JOURNAL TO EXPAND EXISTING FORMAT FOR CHAPTER NEWS."

Motion seconded by Peter Hughes-Regina.
Passed.

It was mentioned that rather than have space allocated for each chapter, each chapter should try to get information and photographs out to the journal. This information should be sent directly to the editor of the journal. The information must be sent in if it is to appear in the journal.

The chairman stated that all questionnaires were now in. It was also mentioned that each chapter should be sure to get the news letters for members to read. The news letters contain much important information.

George Menzies, chairman of the meeting, said thank you for the rewarding experiences he has had as regional chairman for the past three years.

Saskatoon chapter was complimented for the outstanding job done for this CRC.

Hugh McMillan gave the closing statement saying that the spirit in Region II is great and will be even better next year when it becomes two regions. The chapters must do some work on the Presidential Excellence Award. Several chapters received the award this year and several more have the opportunity to receive the award. Ontario was complimented on the outstanding attendance record they have maintained.

Wendall Dent of Saskatoon chapter said it was a pleasure to have everyone in Saskatoon for the meeting and that this year was a very successful one for the CRC.

Meeting adjourned at 9:30 a.m.

George Menzies, Reg. II., Chairman
6/1/79
ASHRAE - SASKATOON C R C
EDUCATION WORKSHOP - 25th MAY, 1979

IN ATTENDANCE

Mal Turaga Montreal Vice Chairman - Education
Rod Hartlin Halifax Alternate
Mike Mann New Brunswick Alternate
Jean Luc Roy Quebec Delegate
Ray Young Ottawa Valley Alternate
Don McCurdy Ontario Alternate
Jack Keon Hamilton Delegate
Chuck Sharp London Alternate
Tom Paterson Winnipeg Alternate
Peter Hughes Regina Delegate
Grant Jones Saskatoon Alternate
Henry Chorney So. Alberta Alternate
Bob Thorpe N. Alberta Delegate
Hugh D. MacMillan Houston President Elect
G. E. Menzies Hamilton Reg. II Chairman
Martin McDougall Puget Sound Reg. XI Chairman Elect
John Ross Ontario ASHRAE Research Canada
Joe Cuba ASHRAE Research
Charles Sepsy Columbus, Ohio Vice President
Al Oakes Ottawa Valley Research Promotion
Bob Cowan Saskatoon Education Comm (Sktn)
The meeting was called to order at 8:45 A.M.

A motion to approve the agenda was moved by Jack Keor and seconded by Henry Chorney.

Mal Turaga reported briefly on the Philadelphia semi-annual meeting.

Delegates reported not being aware of the Education Work. Mal Turaga stated he would send workbooks to the president or each Chapter.

Mal Turaga stated that in restructuring the A.O.E. points, a new item had been added. A.O.E. points would be awarded for Chapter liaison with High Schools, Community Colleges, Universities and other learning institutions. This liaison could take the form of career nights, or the setting up of the ASHRAE display booth. Chapters reported that they were not currently pursuing this sort of programme.

Hugh MacMillan said this programme would not be officially announced until the Detroit semi-annual meeting. Mal Turaga said he would send a copy of minutes to any interested Chapter.

Reporting of on going educational activity:

Reports are still required from London, Ottawa Valley, Manitoba, Regina and Saskatoon. Mal Turaga stated the 140 points shown for Educational activity are the minimum.

Bursaries and Scholarships - Mal Turaga requested that Chapters report:

a) How much is donated.

b) The name of each recipient.

Student Nights - Chapters are to report how their student nights are set up. Mal Turaga said extra points would not be awarded unless this information was reported to him. Discussion followed with Ottawa Valley, New Brunswick and Hamilton Chapters reporting on the structure of their student nights.

Discussion followed from Regina, Southern Alberta, London and Ontario regarding bursaries and how funding was achieved. London reported on having run a design competition, "Solar Heated shower for a Boy Scout Camp".

ASHRAE RESEARCH

Joe Cuba was introduced to delegates and gave a brief report on the distinction between the roles of the Research Committee and the Education Committee.

Joe Cuba spoke on the global objectives of ASHRAE research and how projects are originated and funded.
Joe Cuba stated that all research funds raised in Canada were used to fund Canadian projects, and kept in Canadian banks. It was stated that 90% of all funds raised in any year must be spent in that year to avoid taxation under Canadian tax laws.

Joe Cuba stated that regular procedures have not generated enough interest from Canadian Universities and other research organizations to distribute funds rapidly enough to avoid tax. Of 52 requests for proposals sent out by ASHRAE Research, only 8 responses were received. In addition, 5 unsolicited proposals were received, two of which were funded, the other 3 being still under review. Joe Cuba then listed each Canadian University in turn along with the number of requests for proposals set out and the number of responses received. Joe Cuba then explained the nature of Grants in Aid and gave a brief review of the requirements for these grants.

In view of the poor response to ASHRAE requests for proposals it was suggested that contact people at universities be reviewed along with their further intentions.

Joe Cuba stated that when requests for proposals were sent out to Research Institutions, local chapter presidents also received copies with a request to contact the university and follow-up the request. No responses from local chapters had been received.

It was reported that following the Philadelphia meeting copies of RFP'S were also being sent to John Ross for follow-up.

Mal Turaga reported receiving work statements so that he can investigate likely recipients of grants.

Al Oakes suggested more effort be made to educate Canadian universities and research institutions on the activities of ASHRAE so that more response can be generated to RFP'S.

George Menzies suggested all chapters should work harder to make contact with their local universities.

John Ross asked how the National Research Council and Ontario Research Foundation should be approached. Turaga said he would identify contacts in these organizations.

Al Oakes suggested local executive are not necessarily the right people to liaise with research academics.

Al Oakes suggested more effort should be made in the direction of joint-funded projects with Government or other organizations. He said the amount of monies ASHRAE Research Canada could contribute to projects by itself does not generate enough interest in research institutions.

John Ross was called to speak on the activities of Research Canada. He reported on the background, scope and mode of operation of the Canadian organization, augmenting the information given by Joe Cuba.
8.1 **Education Committee Handbook:** Delegates were asked to find out from the Education Committee or Chapter presidents if their chapter had received the Handbooks. Mal Turaga said the Handbooks had been distributed at Bentmiller. If chapters required new copies, they could be obtained from H. Q.

9.1 **Proposed Student Paper Competition:** Mal Turaga introduced the concept of a student paper competition suggesting it be a National Competition on 2 levels.

   a) Universities - a design concept.
   b) Community Colleges - a practical systems design.

Much discussion followed on how such a competition could be organized, whether it was feasible, and how it could be achieved. Much interest was expressed by the delegates in organizing student paper competitions.

9.2 **Competitions at the local level:** George Menzies suggested chapters should be encouraged to set up local competitions and the national competition be allowed to evolve from local, through regional to a National level. This view was shared by the majority of chapters.

9.3 No chapters rejected the National Competition idea but many thought it too ambitious before local competition was organized. All chapters expressed interest in organizing local competitions, and were urged to set up competitions as soon as possible.

9.4 Funding of local chapter competition was to be undertaken at a local level. A suggestion that funding should come through ASHRAE Research was rejected. George Menzies stated there was no current under distribution of Research funds.

10.1 **ASHRAE Chapter Information Centres:** Delegates were reminded that Concordia University had set up an information centre with ASHRAE standards, all publications and transactions. Mal Turaga stated that such a facility was an excellent tool for promoting ASHRAE at the University or Community College level.

10.2 Mal Turaga stated he would mail each chapter the Budget and Facility layout.

11.1 Mal Turaga thanked all delegates for their contributions to the workshop The meeting was adjourned at 11:30 A.M.
The workshop opened at 3:15 p.m. with welcome remarks from Paul Conrad. He then proceeded with outlining the proposed changes to when the next workshop should be held, the qualifications of Research Promotion Chairman in each chapter, who should be the R.F. Committeemen, support material and where it is available and finished with showing the slide presentation on Research Promotion available to each Chapter.

Some of the highlights of Paul Conrad's remarks were:

-- Research Promotion is the investment in the future of our industry and is the main reason for ASHRAE
-- Research Promotion Chairmen should be appointed in June of each year and should preferably hold this position for two or more years. He should appoint an assistant that will take over as chairman hopefully after already having had considerable experience on the R.P. Committee.

-- R.P. Chairman should be an experienced ASHRAE worker, who knows what ASHRAE Society involves, with a mature, positive and enthusiastic attitude. He should be able to plan and to lead.

-- Next Region II workshop will be held in October 1979 at which time each chapter should have formed a R.P. Committee.

-- Hustler Award will be given to the best R.P. Chapter Chairman every year as decided by the Region II R.P. Chairman.

-- It is imperative R.P. Chairman has the full support of the Chapter.

-- As R.P. commiteemen, use the "heavy weights" such as past-Presidents, Board of Governors, Fellows in ASHRAE, etc.

-- This year's quota is $47,400.00

-- Only a few chapters have exceeded or are very close to their quota, as of May 25, 1979, although the deadline for all contributions is April 30, 1979.

-- The majority of R.P. work should be completed by April 1 and only some follow-ups required in the last few weeks.

-- Incoming Regional 11 Chairman Martin McDougall indicated the chapter he belongs to has standing committees with R.P. Committee consisting of teams competing amongst each other. They have found this approach very successful.

-- Incoming Region 2 Chairman Al Oakes had the following comments:

    There are very few companies in our industry who do research in their own industry. "Ask them to put it back into their own industry by investing in ASHRAE"

Meeting was closed at 3:45 p.m.

Carl Ljungberg.
Minutes of Membership Workshop conducted by Geo. Buckler, Rheem Canada Limited, Hamilton, Ontario

Meeting was opened by Chairman with discussion re function of the Membership Committee.

A total of 12 Chapters represented. Geo. Buckler reviewed last term - outlined importance of Membership Committee to Society - suggested membership be active in Chapter. Aim of Vice Chairman of Membership basically is to communicate to the Chapters the aims and objectives of Society. Steve Singleton in charge of Membership in New York.

Delinquent list discussed and all Chapters agreed this list should not take three months to reach the Chapters as sometimes occurs.

Morton Slone, Nominating Committee, emphasized importance of up-grading to membership.

Chapter Membership growth discussed by G. Buckler and Blue Ribbon Award - Presidential Award of Excellence, qualifications outlined.

The Society organizational structure and points of How to Sell Membership outlined by projector.

Discussion on delays in processing applications at New York - Charles Sepsy President - Elect, explained reasons for up to 90 day requirements.

Importance of new and student member acknowledgment at Chapter Meetings and presidential letter to special potential members stressed.

G. Buckler suggested 5% growth and a 2% (max.) for delinquents as targets for coming year.

An applicant for Society Membership should immediately be put on Chapter mailing list and be considered a member until otherwise notified to the contrary.

G. Buckler passed out prepared handbooks re Chapter Membership - a good functional guide for the Chapter.

G. Buckler gave a Shaeffer pen to everyone in attendance.

Meeting adjourned at 5.00 P.M.

In addition to delegates and alternate in attendance, the following were present:

AN INTERNATIONAL ORGANIZATION
George Menzies ..... Regional Director
Al Oakes ..... Incoming Regional Director
Charles Sepsy ..... President Elect
Morton Slone ..... Nominating Committee
Richard Perry ..... Member Region X
Ken Trod ..... Chapter Member Chairman, Calgary
Bruce Menlove ..... Winnipeg Member
Martin McDougall ..... Puget Sound Member

By: George W. Buckler,
Vice Chairman Membership
Region 11
1. Meeting was called to order at 8:40 a.m., in the Maple Leaf Room of Sheraton Hotel with the following in attendance:

Bob Wright  Northern Alberta  Chapter Vice-President
Cliff Marteinson  Southern Alberta  Chapter President
Allan Smith  Southern Alberta  Delegate
Marv Hounjet  Regina  Alternate
Wendell Dent  Saskatoon  Chapter Vice-President
Krishna Sareen  Saskatoon  Chapter Secretary
Les Howard  Manitoba  Delegate
Bill Mitchell  London  Chapter President
Phil Landray  Ontario  Delegate
Gerry Kowalyshyn  Hamilton  Chapter President Elect
Mike Acton  Ottawa Valley  Delegate
John Lunde  Ottawa Valley
Gilles Rheault  Montreal  Chapter President Elect
Roland Guillemette  Quebec  Alternate
Dave Potter  New Brunswick  Alternate
Garry Brown  Halifax  Delegate
George Menzies  Hamilton  Regional Chairman
Dick Perry  Vancouver  Society Treasurer
Al Oakes  Ottawa Valley
Paul Conrad  Halifax  Research Vice-Chairman
Prof. Seppy
Kirk Bavis  New Brunswick  Energy Vice-Chairman

2. Each chapter reported briefly on its activities in the Energy Management field. The following items are of some significance:
(a) Slide presentations, "Managing Your Energy" and "Home Energy Savings", have been reviewed by nine chapters and have met with mixed reaction.

(b) Manitoba Chapter has been quite active and has had input on the revision of the Manitoba Building Code.

(c) Montreal Chapter attempted an Energy Awards Program with no success. Ontario Chapter successfully completed an awards program for their chapter.

(d) Most successful meetings appear to be "Panel Discussions" on an energy related topic.

3. ENERGY MANAGEMENT AWARDS PROGRAM

It was decided that Region II will pursue an awards program on the regional level during the upcoming year with the Regional Vice-Chairman acting as Chairman. Guidelines are to be submitted (copy attached) and a winner selected by a panel of judges. Winner to be selected and presented with an appropriate award at the CRC meeting. Most chapters were in agreement and support this program.

4. PRESIDENTIAL AWARD OF EXCELLENCE

The current method of allocating points and reporting chapter activities was discussed in detail and it was generally agreed that the point system requires refinement. It was generally agreed that points for energy management activities are needed and help to stimulate committee activity on the chapter level; however, these are not properly weighted at present.

5. ENERGY CODES

The present status of 90-75 R and 100 P series was assessed by Prof. Sepsy and a lively discussion concerning performance standards followed. It was the general consensus that Section 10 of 90-75 must be completed as quickly as possible and presented to the industry.

The method of presenting the 100 P series was discussed and it was generally agreed that an approach similar to that used for 90-75 would be acceptable.

Meeting adjourned at 11:20 a.m.

Kirk A. Bavis, P. Eng.
Regional Vice-Chairman
Energy Management

1979-05-28
Calc for 78-79 PAOE Pts.

Attendance at CIC (Saskatoon May 23-26/79)

Halifax: 25 25 25 P. Conrad Brown Hartun 75

Hamilton: 50 C. Jungfer (RPH) 25 Kean Menzies Kovan (RPh) 25 Buckler 150

London: 25 25 50 Mitchell Sharp Morrison 100

Manitoba: 25 50 Howard Menlove Patteson 100

N. Brunswick: Potter (RPh) 25 Menn L. Davis 100

- Remarks by Hugh McMillan, Society President - Elect

9:42
- Remarks by Prof. Charles Sepsy, incoming Society President - Elect
- Remarks by J. F. Cuba, ASHRAE's Director of Research

10:01
- Remarks by John Ross, Canadian Presidential Representative and President of ASHRAE Research Canada

9:45 am: Chapter Reports - starting with Halifax (Oral overviews of the highlights of the Chapter activities and problem areas) Delegates encouraged to question statements.

10:20 am: Coffee
Mid to Chapters  V.C. 4 Reg Chan
THURSDAY, MAY 24, 1979

10:30 am: - Chapters Reports Continue, followed by
- Regional Vice Chairmen reports (oral overview only)
  - Kirk Bavis: Energy Management
  - George Buckler: Membership
  - Paul Conrad: Research Promotion
  - Mal Turaga: Education

12:00 - Golden Gavel Award - Concept to be introduced by Al Oakes incoming Region II Chairman

12:30 pm: - Chapter Luncheon - Top of the Inn. This luncheon will be attended by delegates, alternates, wives, local members and any and all interested guests. Chapter meeting will be chaired by Brian Crowhurst, Saskatoon Chapter President. Guest speaker will be Mr. Hugh McMillan, President of Ashrae, who will deliver the Presidents Address entitled "The Future of ASHRAE - A Function of Commitment of Its Members"

2:30 pm: - Annual Meeting - ASHRAE Research Canada - conducted by John Ross, President, George Menzies Recording Secretary--each Chapter Delegate (class ‘B’ shareholder) and class ‘A’ members to be present

3:00 pm: - Executive Session, EASTERN CHAPTERS ONLY, delegates and alternates only. Cliff Morrison supervising, assisted by Mort Slone.

3:30 pm: - Second Business Session
Written resolutions and other items of old business.

- As of May 4, written resolution include:

(1) Change the time of the CRC in Region II to the fall so that Chapters will benefit from information gained at a CRC at the beginning of the fiscal year
Montreal Chapter - G. Rheault

(2) That headquarters mail directly to each Chapter Chairman such as Education, Membership, Research Promotion, Energy Management, Historical, pertinent correspondence rather than to the Chapter Secretary. The exception would be when the Chapter Information Questionnaire has no name or address listed for a particular Chairman, then the information would be sent to the Chapter Secretary
(Hamilton Chapter: J. Keon)

(3) That Society amend a portion of the Rule of the Board (ROB) 452-010-001 which states "that current issues of the ASHRAE Handbook be made available to Chapters of the Society
THURSDAY, MAY 24, 1979

for gift purposes as awards to speakers and students at the current educational discount rate (which is 40% of list - ROB 450-002-004) by removing the last phrase "at the current educational discount rate" and replacing it with "at the current student rate for additional volumes" (stated in ROB 452-002-002) (which is currently $10.00) plus postage and exchange.

The receipt of the foregoing (a) and one must be designated by the CRC.

5:00 pm: - Adjourn

Thursday evening open - please take this free time to enjoy our beautiful city. Your hotel is within walking distance of the University, the downtown area (stores open until 9:00 pm), the Mendel Art Gallery, and many fine restaurants. For those who wish, a tour is available of the Central Control and Monitoring System (CCMS) at the University of Saskatchewan, at 7:30 pm.

FRIDAY, MAY 25, 1979

8:30 am: - Concurrent Workshops - Please note if your Chapter Chairman is not representing your Chapter in Saskatoon, then the Chapter Delegate must attend on his behalf at one workshop while the Chapter Alternate must attend the other workshop. Visitors to any Workshop welcomed. It is essential we practice this procedure as the Regional Vice-Chairman has material essential to his area of interest which a chapter requires for the upcoming year's operation.

- Energy Management - Kirk Bavis (plus officials from Federal Government)

Research Promotion - Paul Conrad - assisted by Joe Cuba, ASHRAE Director of Research, John Ross, ARCP President, Al Oakes, R.P. Vice Chairman for the Society

12:15 pm: - Lunch - Sheraton Centre - Guest Speaker Dr. George Green, Ashrae Fellow, of the College of Engineering U of S.

1:30 pm: - Tour of New HVAC facility

3:00 pm: - Concurrent Workshops:
  Membership: George Buckler
  Education: Mal Turaga

5:00 pm: - Adjourn

6:00 pm to 8:00 pm: - Local members will entertain guests in their homes for cocktails.

8:00 pm: - Banquet and Dance - Sheraton Complex
Phil Hankey - future confusion if dates

80 Moncton May 21-24 Montreal
81 Montreal May 25-27 Halifax
82 Halifax May 27-30 Quebec City
83 Quebec City May 31-6 June 1 Toronto
84 Toronto May 23-26

(2) More loan

(3) M. Acton Without motion

- V.C Workshop Resolutions
  - Nil

Resolution

None space be allocated in ASHRAE Journal to individual chapter news
(leg 3 expected entries/season.)
