

Monthly Meeting Beat:

About the Speaker

By Dan Brothers

Hi everybody! This time of year is an emotional paradox because the weather is consistently nice but ASHRAE meetings are ending. The final meeting of the year will take place at Lakeshore Steakhouse, where we will have a presentation from our very own Jared Larson on the design of the new residence buildings at the University. After our chapter meeting we will then tour the building and point out all the obvious things Jared did wrong.

This past weekend, four of us – Jared, Brandon, Natasha and I – went to Calgary for the annual CRC (Chapter Regional Conference). This conference rotates through the 12 Chapters each year. It is a chance for each Chapter to report on their year and exchange ideas for the next year. We had to present our Chapter report to the RVC (Regional Vice Chair), vote in future members who will sit on the Regional Board, and debate and vote on motions for Society to function better. Regina submitted one motion this year, geared towards encouraging more university student participation at the Regional level via design presentations and awarding prizes. We debated the motion heartily, but it was eventually concluded that it raised more questions than intended. The motion was eventually withdrawn and will be rewritten and submitted again next year.

Pile of Bones

The CRC also includes an awards ceremony, where various achievements from the year previous are recognized; many photos are taken, hands shaken, backs patted and general goodwill exchanged. Regina did quite well this year, bringing home the Richard P. Perry award for Most Outstanding Chapter in Region XI! This is very exciting; it's not totally new ground for our Chapter, having last taken home the plaque in 2012 and before that in 2011, but it's indicative of the hard work everyone around our Chapter does and it's nice to be acknowledged for it. We also won the award for best newsletter, and several personal awards, which will be presented at the next meeting. All in all, it was a very successful year for our Chapter.

I would like to welcome Brandon Ganne and Josh Thomas to the Board starting in the fall. They will be taking on the Student Activities Chair and Newsletter Editor, respectively.

Thanks for a great year, see you at the ASHRAE golf tournament.

Presidential Address

President's Message

by Janel Walter

Thank you to the student presenters last month and Jared for putting on another great Student Night! It was great to see a University group take on the ASHRAE design challenge as their project this year and shows the kind of mentorship Jared has provided our students. Having a group from Saskatchewan Polytechnic was also wonderful and it has been nice to expand our student interest to that institution.

We had a few members of our Board of Governors attend this year's CRC in Calgary to take in some workshops and YEA conferences as well as attend the business sessions and caucus meetings and we had another banner year for awards! We were the recipients of the Richard Perry Award, the Most Outstanding Chapter Award, several Chapter Service Awards and the Presidential Award of Excellence. The dedication of the volunteers on our Board of Governors has been outstanding this year and last and the awards received are an indication of just that. I want to thank all of you for your time and effort to make our Chapter stand out among our peers as outstanding!!!

This month we are excited to be touring the new Residence Buildings on the U of R Campus. We will be gathering for our dinner meeting first and will head over for our tour following supper. Construction has not been completed, thus steel toe boots and hard hats will be mandatory. Hope to see you all there!

We have finally completed a new email structure that will remain the same every year. No more searching for the individuals email address that holds that Chair position! We hope this will make it easier to contact us with any comments, questions or concerns. Below is the new list:

President	president@ashraeregina.org	Janel Walter
Vice President	vicepresident@ashraeregina.org	Dan Brothers
Research Promotion	researchpromotion@ashraeregina.org	Alana Yip
Student Activities	studentactivities@ashraeregina.org	Jared Larson
Newsletter Editor	newsletter@ashraeregina.org	Natasha Bellows
YEA	yea@ashraeregina.org	
Historian	historian@ashraeregina.org	Bob England
Membership	membership@ashraeregina.org	Greg Fluter
Treasurer	treasurer@ashraeregina.org	Brad Huber
Secretary	secretary@ashraeregina.org	Kris Pockett
Ways and Means	waysandmeans@ashraeregina.org	Wayne Tkach
GGAC	ggac@ashraeregina.org	Jason Danyliw

Last but certainly not least we have our annual golf tournament coming up and I hope all of you that were interested have registered. It is a joint tournament with the MCA again this year and we are looking for golf prizes to hand out to the teams. If you have anything you would like to donate is the way of prizes please contact Alana, Wayne or Jason to make arrangements.

Feature: Region XI Chapter Regional Conference

The Road to the CRC

by Jared Larson

This year at the Chapter Regional Conference (CRC) the attending board of governors from the Regina chapter fought valiantly in competitions set up by the southern Alberta chapter including bull riding, lasso competitions and cow pie tossing. The next day we shook the cow pie off our feet and attended regularly scheduled CRC events and the awards banquet. This year our chapter / chapter members receive the following awards:

- Distinguished Service Award (Society Award) – Rob Craddock
- Chapter Service Award – Ted Cooke
- Chapter Service Award – Jason Danyliw
- Chapter Service Award – Bob England
- Government Activities Award (Society Award) – Rob Craddock
- Winston Award for chapter Programs – Dan Brothers
- PAOE award – Honor roll with special citation
- Kroeker Award for chapter communications – Natasha Bellows
- Richard Perry Award (Chapter of the year) – Regina Chapter

We wish to extend congratulations to each of the award winners and to the chapter members whose support make these happen. These awards attest to the strengths within our industry. For anyone interested in joining the board down the road I would encourage them to do so and let us know earlier. Each CRC I have attended has been great networking opportunities, and a chance to bring back new ideas to help improve the chapter.

Committee Chair Reports

Student Activities

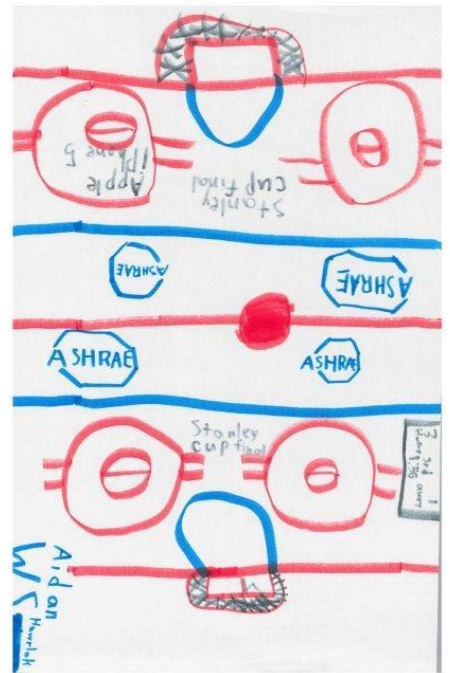

by Jared Larson

Student Activities

I would like to welcome Brandon Ganne on as the next year's student activities chair.

We are wrapping up this year with several events yet to come:

- On May 21 we will start another weekly program at Mother Teresa middle school. I know several are interested in helping and I will need another person. We have about 12 kids signed up so I am looking forward to this. In June, I will be presenting the annual ASHRAE science award at the grad ceremony.
- We have also had inquiries about our poster competition for the elementary schools again. We will be running this in May. For those who do not remember, classes who choose to participate will send in colored posters depicting their understanding of ASHRAE. If you have kids in school, please also get them to take the form in to their teacher. I attached a few posters from last year's winners.
- We are hoping to organize one last event for the university / young engineers in ashrae, and we are tossing the idea of paintball around. If you are interested please let me know as we are trying to gauge interest.

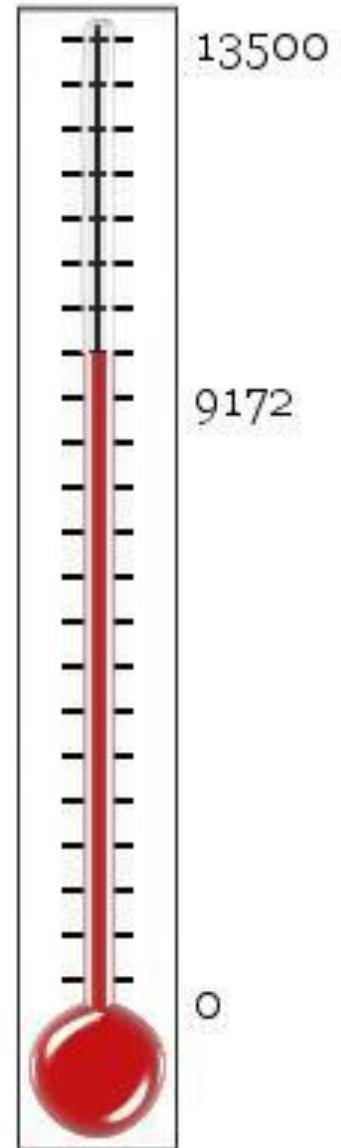

Committee Chair Reports

Research Promotion

by Alana Yip

We are at 68% of our goal with the investors listed below. ASHRAE Research impacts the industry by improving the way HVAC&R systems work, how they are applied and allow development of technical information to create standards and guidelines, which serve as the basis for testing and design practices around the world. You can contribute to ASHRAE Research by contacting myself at alana.yip@sasktel.net or 306-527-9680 or contribute online at ashrae.org/contribute.

The golf tournament is nearly full. Thanks to those who registered. If you missed registration, you can get your name on a waiting list. This is a great fundraiser for our research campaign as well, so I encourage you to attend and enjoy a round of golf as a side benefit to helping ASHRAE Research! As always we are in need of prizes for the tournament so feel free to contact myself, Wayne Tkach or Jason Danyliw if you are able to contribute some prizes.
