

Pile of Bones

Published by the Regina Chapter of ASHRAE

President's Message

By Jared Larson

Well it wouldn't be Saskatchewan if we didn't go from the cooling season to the heating season within 7 days. Brad has organized a tunnel tour / plant tour at the University of Regina. Luckily rain snow or shine, we can see it all from the inside. We have also had a great participation for the Natasha's and Cailin's go carting event last week.

In regards to the Don Bell scholarship, we have had a great start this year with the Wine Survivor. Although Brad managed to outlast the group, a last minute alliance with Emmet and Rob still have a good take away. Last meeting we have exceeded our usual annual 50/50's. This goes to a great cause, so thank you to all who contributed. We will be having a skeet shoot next week, again to help raise money for the scholarship. It's a good day to take out your frustrations on work, weather or carbon tax. It is open to anyone, not just ASHRAE members. I hope to see many of you there.

Our board voted on sending Cailin to the YEA weekend this year. Most board members have been on this training workshop, and it is a great time, and valuable to the participant and the employer. It deals a lot with the necessary soft skills in our industry.

Deadlines will be coming up for scholarship applications, and research grant applications. Early submissions for some of the applications provide bonus points which help the ranking. Contact Cailin to help facilitate these.

Meeting Notice

Wednesday, October 12, 2016

Location: University Club
215 College West Building
University of Regina
3737 Wascana Parkway
Regina, SK

5:00 – Presentation on tour

5:30 – Supper

6:30 – ASHRAE Chapter Meeting

–Tour: University of Regina
Central Heating & Cooling Plant

Upcoming Events

Location: Regina Trap and Skeet Club
ASHRAE Regina Trap Shooting

Wednesday, November 9, 2016

Location: TBD

Regina Chapter Meeting

Topic: Air Filtration ISO/ASHRAE
Standards

Speaker: Larry Isford

Winners!

Committee Chair Reports

Programs Chair

By Brad Huber

I would like to thank everyone from the last meeting that partook in our Wine Survivor Night (the wine has been very tasty!). With everyone's efforts to make this work; we raised \$440.00 for the Don Bell Scholarship which is something our chapter should be extremely proud of.

In light of Don Bell Scholarship, we are also having a fundraiser afternoon at the Regina Trap and Skeet Club on Thursday Oct.13th. It will cost \$40.00 for chapter members and \$50.00 for non-chapter-members. Anyone is welcome to come whether they choose to shoot guns or not so please feel free to pass this along to your colleagues who may be interested in attending.

We will also be having a little competition for the amount of clay pigeons hit throughout the afternoon. One guess will cost \$10.00; three guesses will cost \$20.00 for a **chance to win a NEW SAMSUNG GALAXY TAB A 9.7" tablet!** If that isn't enough to get you to join us, we will also be providing free refreshments (of the non-alcoholic type). If you are interested in attending this, please contact me directly!

Our next meeting is going to be held at the University of Regina. We will be having the gentlemen at the U of R give us a building tour of the central heating plant, chiller plant and tunnels. We will be starting the meeting at 5:00PM sharp at the University Club. We will have a quick meeting and supper before we start the building tour so please try to be early as we have a lot to see on our tour! Hope to see you all out there!

ASHRAE CHRISTMAS FUNCTION

We have purchased tickets for the Jerry Seinfeld show on December 16 at the Brandt Centre. The function will also include a pre-show dinner at The Queensbury Convention Centre. There will be more details available at our next chapter meeting. Please mark this on your calendars and consider attending.

YEA

By Natasha Bellows

Last week we took a group of YEA and students from the university out to 3 Flags Motorsports for some good clean go karting fun. The weather was beautiful, the course was fun and the company was great. There were some tense races but we all came out alive and full of adrenalin in the end. Congratulations to Graham, Brooke and Brad on the top three lap times.

Upcoming ASHRAE Training Courses

HVAC Design And Operation Training

City	Level 1	Level 2
Baltimore	October 3-5, 2016	October 6-7, 2016
Phoenix	October 17-19, 2016	October 20-21, 2016
Atlanta	December 5-7, 2016	December 8-9, 2016

Committee Chair Reports - Continued

Research Promotion

By Dan Brothers

The wine survivor last month was a massive success! Thanks to all who contributed, and congratulations to Brad Huber who was the last man standing and earned the 22 bottles of wine. We raised \$446 for the Don Bell Fund.

We're going to try it again this month; but you can put beer on the table if you like. We'll require single bottles of beer, and something in a large bottle, approximately the size of a bottle of wine. Ideally craft beer, so Bushwacker is welcome, no growlers or Colt 45 please. Same as last meeting, a \$20 buy-in is required. We will not be doing this every month this year; hopefully everyone is able to bring something.

Student Activities

By Cailin MacPherson

Student activities has been quite busy this month with a Resume Review event & Year 1-4 at the U of R, a combined YEA event and weekly sessions at Mother Teresa!

Thank you very much to our volunteers Norm Gropp, Neil Herperger, Rob Craddock & Jared Larson, for making the resume review event at the U of R a success. The combined YEA & Student Activities go karting event was a great evening with only a couple "Ooooo, ouch". Congratulations to the fastest go karter, Graham Reimer!

HVAC White Paper

(Click on the title to get redirected to website with the original article)

[White Paper Seven Steps to Maximizing Central Plant Efficiency](#)

The white paper provides insight into ways to provide the maximum central cooling plant efficient.

2016-2017 Meetings and Events
