Cash Bar with Specialty Cocktails at 5:00  
Dinner at 5:30

Jerry Seinfeld at the Brandt Centre  
Show Starts @ 7:30 pm

*That's the true spirit of Christmas.  
People being helped by people other  
than me. That makes me feel good  
inside.*

*- Jerry Seinfeld -*

## President's Message

*By Jared Larson*

For those who missed out on the clay pigeon shoot last month, we had a great time, and most importantly no one got shot. Looking at the scores, it appears that we have many pigeon rights activists who let their clay pigeons go instead of shooting them. Thank you to Brad for organizing the event. I would also like to thank the sponsors of the event: Cypress Sales, EH Price, HDA Engineering, & HVAC Sales. Our chapter was able to raise a significant contribution towards the Don Bell scholarship.

Society has announced that there will be a new opportunity fund for chapters with the intent to promote membership growth. Society has not given a prescriptive path for how this fund is allocated, but rather left it up to the regions, other than the fund can't be used to pay for membership dues. For our region (XI), The DRC will administer the funds to the chapters based on an evaluation of proposals. The proposal submission is due January 4<sup>th</sup>, 2017, and will be announced in the spring CRC.

I have a few ideas, but welcome input from any members. The question to ask is what barriers prevent people from becoming members, and what barriers do people face with maintaining membership? For example, if commuting distance to our chapter meetings is an obstacle to membership, then possibly we can use this program to incorporate technologies similar to distance learning. Feel free to connect with me if you see any opportunities, or overlooked issues.

### Meeting Notice

**Wednesday, November 9, 2016**

Chapter Meeting & Research  
Promotion Night

Location: Executive Royal Hotel  
4015 Albert St, Regina, SK S4S 3R6

5:00 – Appetizers/drink

5:30 – Presentation: Larry Isford,  
Current Air Filtration Standards

6:30 – ASHRAE Chapter Meeting

### Upcoming Events

**Friday, December 16, 2016**

Location: Queensbury / Brandt Centre  
**ASHRAE Regina Christmas Party 2016**  
**Jerry Seinfeld! And dinner at the**  
**Queensbury beforehand.**

**Contact Wayne Tkach for tickets to the**  
**Christmas Party.**

## Some clay pigeon shooters!

(And others who just tried)

# Committee Chair Reports

## Programs Chair

By Brad Huber

Hello Everyone!

I'd like to start off by thanking Emmet, Neil, Rob and Dana from the University of Regina for putting on such a great factory tour for us last month! It was very interesting and informative to see real world applications of this size/caliber.

I would also like to thank every one of you who supported / attended and braved the cold for the Don Bell Scholarship Shooting Event that was held on Oct.13<sup>th</sup>. Whether it was through donations directly for the Don Bell Scholarship, sponsoring the prize or joining us for a fun afternoon of shooting; we were able to raise just over \$1,300.00 for the Don Bell Scholarship!

We had a couple of winners on the day. Our first winner who gets to walk away with bragging rights is Scott Coulson who joined us from the Saskatoon Chapter – 20/25 hits, nicely done! Our second winner is the one that guessed #175! Of our 19 shooters 174/475 targets were hit on throughout the afternoon. Way to go Rob Craddock! It looks like those calculations off your cellphone paid off for you! We would all like to know the formula that you used!

This month we have the privilege of having Larry Isford from Camfil Canada Inc. join us. Larry will be here to give us a presentation on Current Air Filtration Standards which will be held at the Executive Royal Hotel on November 9<sup>th</sup>. Hope to see you all there!

## Committee Chair Reports - Continued

---

### Research Promotion

By Dan Brothers

Thanks to everyone who participated in the Don Bell Scholarship Shooting Event. I'd like to take to name the sponsors and thank them for their contributions: Cypress Sales, EH Price, HDA Engineering, & HVAC Sales.

Our November chapter meeting is our annual Research Promotion night to express our gratitude towards last year's donors. Donations to ASHRAE Research in Canada stay in Canada and the current goal of the Regina Chapter is to get enough funds to create an endowment scholarship in honor of Don Bell. We truly appreciate your support.

### Newsletter

By Pierre-André Ranger

I have recently attended to the HVAC Design Training (I & II) in Phoenix, AZ offered by ASHRAE. I would strongly recommend the course to other members who are inexperienced in HVAC design. The courses are offered regularly all over the world. The instructors were very knowledgeable and had practical experience in designing HVAC systems for different climates; including ours!

<https://ashrae.org/education--certification/hvac-design-and-operation-training>

## Student Activities

By Cailin MacPherson

The visits to Mother Teresa Middle School have ended for the year but we were asked to come back after Christmas so I guess that's a good sign! It was great seeing the designs the kids came up with, there were certainly a few potential engineers in the group.

Natasha and I set up an ASHRAE booth at the U of R volunteer fair and were able to find some keen engineering students. Jared and I also did a talk to a first year engineering class encouraging ASHRAE student memberships – no students fell asleep so that's a win in my books.

There is nothing else planned for student activities until the New Year.

## 2016-2017 Meetings and Events

---

September 14, 2016

Topic: PLEV for Pumps

Speaker: Phil Searl

Location: *Royal Executive Hotel*

January 28-February 1, 2017

ASHRAE Winter Conference

Las Vegas, NV, USA

October 12, 2016

Topic: University of Regina Plant Tour

Speaker: Neil Paskewitz

Location *University of Regina*

February 15, 2017

Topic: Presidential Visit

Speaker: Tim Wentz – ASHRAE President

Location *TBD*

November 9, 2016

Topic: Air Filtration ISO/ASHRAE Standards

Speaker: Larry Isford

Location *TBD*

March 15, 2017

Topic: Refrigeration

Speaker: Greg Scrivener

Location *TBD*

December 16, 2016

Christmas Social

*Jerry Seinfeld + Pre-Show Dinner*

Location: *Brandt Centre & Queensbury*

*Convention Centre*

April 12, 2017

Topic: Student Night

Student Night

Location *TBD*

January 11, 2017

Topic: TBD

Speaker: TBD

Location *TBD*

May 10, 2017

Topic: Forced Air System Designs

Speaker: Dan Int-Hout (Distinguished Lecturer)

Location *TBD*

June 2017

ASHRAE Research Golf Tournament
