

## President's Message

By Jared Larson

Welcome back to a new year! I hope you had a good Christmas break. I would like to thank Wayne for all his work with organizing the Seinfeld Christmas social. This next month we have a tour of the Last mountain distillery. I regret that I cannot make the meeting as I am away for work, but it should be interesting to see. Also coming up in February Tim Wentz, P.E., Fellow ASHRAE, HBDP, (the current Society President) will be visiting our chapter. He has agreed to host an afternoon seminar on project budgeting and risk assessment. Tim Wentz is an associate professor, University of Nebraska – Lincoln (<https://www.ashrae.org/society-groups/meet-the-board/2016-2017-bod>) and is the current ASHRAE Society president. It is noteworthy that the Mechanical Contractors Association of America (MCAA) has named Wentz their national “Educator of the Year” on three occasions. Please keep February 14<sup>th</sup> marked for this event.

Also, let me know if you are planning on attending the winter conference in Las Vegas. We have several from our chapter who will be travelling there. Natasha Bellows was awarded the Regional travel award to attend the winter conference. She will shadow Keith Yelton; our Regional DRC. Also, the Brent Yeske and Brad Lulik will be attending the conference to accept their award for first place on the Applied design Challenge. I encourage anyone at the conference to attend this event in support of them and our chapter.

I am continually searching for new members for our local Chapter. So if you know of anyone within your organizations that would be interested in joining our local ASHRAE Regina Chapter, please have them contact me at [jason@skhvac.com](mailto:jason@skhvac.com), and I can help to get them registered.

### Student Activities

By Cailin MacPherson

I had the opportunity to attend the YEA Leadership weekend in Charlotte, North Carolina this past November. It was great being part of an interactive group of engineers who really wanted to explore their leadership skills and opportunities. I certainly learned a lot about myself and am working hard to apply what I learnt to my day to day work life. I am very grateful to ASHRAE Regina for sending me and would definitely recommend the weekend course to any YEA members!
