

President's Message

By Brad Huber

Back in April, we had a few of our chapter members attend the John Ross Curling Bonspiel in Edmonton. Although they didn't take home gold, a special thank-you to Arash Ashou and Robert Gaudry representing our chapter this year!

Our last chapter meeting is going to be held on May.9th. We will be doing a tour of the Sasktel Data Centre in downtown Regina. We will have a quick bite to eat and a small business meeting at Copper Kettle before going heading over there. Make sure you RSVP for this meeting; we need firm attendance numbers so that Sasktel can properly accommodate us. Photo ID will also be required to get a visitor badge when entering.

On June 1st, we are holding a paintball event and BBQ for our YEA (Young Engineers in ASHRAE) at Prairie Storm Paintball. Details are included in this newsletter, if you are interested in joining in on the fun please contact Dylan Zwozdesky (dzwozdesky@brandt.ca).

Last on the radar of activity is the Annual South MCA / ASHRAE Golf Tournament has been booked for June.21st at Deer Valley

Golf Club. The registration form is included in this newsletter. This event has a tendency of filling up quickly so to guarantee your spot, book sooner than later!

Committee Chair Reports

SaskTel's Lorne Street Complex Tour

By Alana Yip

At the meeting this month, we will be touring some of SaskTel's Lorne Street Complex. We will have a tour of their co-location Tier 2 Data Centre, SaskTel's internal Data Centre, and the Electrical Energy Centre. Together these facilities provide SaskTel and their customers 99.99% uptime, N+1 redundancy for cooling and generation, and a highly secure and low risk facility for natural disasters. These facilities have been invested in greatly to provide the best service to the customers. Come enjoy some pizza and see what goes in to keeping our internet running.

We will meet for dinner and have our chapter meeting at the Copper Kettle and walk over as a group to the SaskTel facilities for our tour. Please bring Photo ID for entry into the SaskTel Facilities.

President Elect

By Natasha Skea

With spring in the air and summer on its way the ASHRAE season is winding down (but don't forget about the golf tournament!). We'll be back in September with a mix of lunch and dinner meetings, more fun events, and a great new lineup of engaging speakers.

There are a lot of changes coming to the ASHRAE Regina Board of Governors (BOG) next year. It is with sadness we say goodbye to some valuable and long term BOG members. Thank you to Alana Yip, Jared Larson, Janel Walter, Dylan Zwozdesky, and Wayne Tkach for all of your years of ASHRAE service and dedication to the Regina Chapter. With these changes come a bunch of new BOG members and an opportunity for positive change. We have five new (or returning) board members, a brand new board position and a bunch of new ideas. Welcome Chris Klatt, Brad Lulik, Rob Craddock, Chris Best, and Carla Spriggs! We can't wait to see what fresh new ideas you bring to the BOG team. Women in ASHRAE is a new BOG position and is still open for next year. More information on this position will be distributed as it comes available, but if you're interested now let me know.

I'm looking forward to another great year with ASHRAE Regina and I hope you are too. Have a great summer and we'll see you back in the fall.

Three cheers for nice weather! What a difference a week made here. The snow melted fast and the sunshine is sure feeling good! Hope everyone is enjoying the nice weather.

The Society year for ASHRAE ends on June 30th, which means there is less than two months for all of the chairs to hit their goals. For membership, it was to increase our society memberships by 2%. We started the year with 98 area assigned members, and although we have had 4 new members, we are currently sitting at 96 area assigned members. Our goal is to hit 100 by the end of June. If you know any coworkers, colleagues, consultants, contractors, suppliers, etc, that could benefit in any way from being a member - please let me know! You can text/call me at 306-533-5005 or email me at alana.yip@sasktel.net.

Here is a chart listing the different membership grades and benefits associated with each! (*Note, the prices are all in US funds) Reach out if you have any questions.

YEA Leadership Weekend

By Carla Drager

This past March I had the opportunity to attend the Young Engineers in ASHRAE (YEA) Leadership Weekend in Seattle led by Ralph Kison. The course broke everyone down to their core personality traits and categorized those that were more of an implementer versus those that were more of an executer.

Doing this allowed us to discuss many aspects of ourselves such as the way we set goals, our leadership styles and what we aspire to, how to grow and develop ourselves, the types of careers that nurture our dominant traits and whether we are in that position yet or not. One interesting thing that we were able to see through this was how to work with people of the opposite personalities and the importance of associating ourselves with those that make us uncomfortable.

“Personal development and ongoing learning is not an option or a luxury, it is essential for success in selling and in life” – Ralph Kison

We also discussed the goal of YEA and the importance of networking and having the support of our fellow YEA members who are most often going through the same struggles and successes as us. As I take on my new role as YEA leader this upcoming year, I hope to take lessons learned from the Leadership training and plan some fun and education events that can bring us together, both young and old.

Ways and Means

By Wayne Tkach

The MCA/ASHRAE golf tournament is on June 21 at the Deer Valley Golf Club. Registration forms are attached with this newsletter. Please fill them out quickly as the tournament has historically sold out in less than one day. We can't wait to see everyone there.

YEA
