Pile of Bones

Published by the Regina Chapter of ASHRAE

President's Message

By Pierre Ranger

Hi everyone,

There are some spots available for the party next week if you are interested. Please come and join us at Baller's for a good night out! Members are free so it's a fairly inexpensive event! ;) If you are headed to Orlando for the Winter Conference, please consider attending the Regional dinner with our region's executive. We hope you all had a great 2019 and we'll see everyone in the New Year!

-Pierre Ranger

ASHRAE Regina Chapter Meeting
Topic: Christmas Party
Meeting Location: Baller's Rec Room
2044 Dewdney Avenue

6:30 – 9:30pm

Upcoming Events

Jan 15/20 – ASHRAE Chapter
Meeting

Committee Chair Reports

Vice President

By Cailin MacPherson

Happy holidays ASHRAE members! Please join us for the annual ASHRAE Christmas Party at Baller's Rec Room on December 11th. Let off a little get-everything-done-and-submitted-before-Christmas-holidays steam in the batting cages.

Looking forward to seeing everyone.

All the best,

Cailin MacPherson
Programs, CTTC, Vice President, Alternate

Student Activities

Trivia Night

Our November trivia night was a lot of fun and thanks to everyone who came out. We had a great turnout from our student branch. Our winning team was Ducts Unlimited which was over half students! Thank you again to everyone who donated prizes!

Special Events

By Josh Thomas

Our Chapter Christmas party will be on December 11, 2019 and will take place at Baller's Rec Room from 6:30pm until 9:30pm. **If you have not yet RSVP'd to Josh, and would still like to join us, please RSVP by 4:30pm Friday, December 6!** Please see the attached flyer for more information.

ASHRAE and Smart Cities Council Sign MoU to Collaborate on Advancing the Sustainable Built Environment

ASHRAE and the Smart Cities Council have signed a Memorandum of Understanding (MoU) formalizing the organizations' relationship and outlining their commitment towards the advancement of a more sustainable built environment.

The MoU was signed by 2019-20 ASHRAE President Darryl K. Boyce, P.Eng., and Smart Cities Council Executive Director Jason Nelson on November 5 in Washington, D.C. The agreement defines parameters on how ASHRAE and the Smart Cities Council will collaborate to promote mutual interests of their respective members and stakeholders.

These include but are not limited to: general advocacy; joint conferences and meetings; consistent leadership communication; publication development and distribution; education and professional development; technical activities coordination; and research.

“We value this partnership with the Smart Cities Council and are excited to leverage this collaboration to better support our members and industry professionals with tools, resources, training and education to accelerate optimal performance and sustainability in the built environment,” said Boyce. “This MoU will focus our efforts as we seek to develop innovative solutions that will significantly increase our impact around the world.”

“We greatly respect the work ASHRAE is doing and we look forward to aligning our mutual efforts to support sustainable practices in the built environment,” says Nelson. “It no longer makes economic sense to invest in infrastructure without technology. We hope our collaboration will bring attention to the opportunity to build more sustainable and resilient cities.”

About Smart Cities Council

The Smart Cities Council is a global coalition of leading technology companies and a global network of public sector smart city practitioners. It was founded upon the belief that we cannot heal our planet unless we heal our cities. To heal our cities, we must take advantage of smart technologies. The Council seeks to accelerate this transformation to livable, workable, and sustainable cities. It hosts the Internet's largest library of smart city content and facilitates the Smart Cities Readiness Network. It also maintains the Smart Cities Activator online collaborative platform for cities to accelerate capacity development, stakeholder engagement and planning of projects.
